WELCOME TO ARCHI HERBALS

As a cosmetic manufacturing company, Indus Health Care made a small started, but dreamed big. That the dream changed lives in ways unimaginable. Soon, Indus Health Care became the go-to brand for "Archi". It was a matter of time. Improve the brand with beauty products and services. After more than 30 years of consistent quality performance, Indus Health Care now takes a great responsibility is about 'innovation for healthy generations' every day at work.

INTRODUCTION

The Goodness of Herbal Products which was very commonly and effectively used throughout our history had begun to disappear as companies acquired a more scientific approach. Now it has enjoyed a revival of interest as more and more people are turning to Herbal personal Care products.

Herbals have a variety of uses like culinary, medicinal or in some case even spiritual. Plants contains nutrients that have amazingly positive health effects on the body. Fruits on the other hand contain vitamins and enzymes, which in their natural form are rejuvenating for the human body and are high in antioxidants. Products manufactured with a combination of herbs, fruits and flower while complimenting each other benefits, results in the human body glowing with freshness, vitality and beauty.

Archi Herbals now provides a complete range of personal and beauty care products that contain the highest quality naturally sourced ingredient, known to be skin compatible and proven effective. The company has blended the science of Ayurveda with modern scientific research to produce Herbal Products ar par with modern personal care products.

We at Archi are committed to creating distinctive pampering products that delight the senses soothe the soul, respect the goodness of nature and promote beauty and well being in our daily lives.

A GLOBAL PROSPECTIVE

With the changing social-political climate, global health programmers are constantly seeking diverse solutions in the areas of Skin Care and Hair Care. Archi provides the perfect answer to many questions that the world faces in Skin Care and Hair Care, thanks to its extensive experience, innovative technologies and ample resources. Its consultancy services and products are part of the global Skin Care and Hair Care packages of international agencies.
